

## VISION

To create and maintain an ecosystem that nurtures holistic academic and excellence, foster high-quality research and promote a culture of innovation. Establish innovation and quality culture as prime concern of the institute to the satisfaction of all stakeholders, and promote it with internal and external support.

## MISSION

- To regularly monitor and evaluate the quality of academic programs, research activities and administrative process to ensure continuous improvement and excellence.
- To evaluate the effectiveness of curriculum initiatives in technology and societal requirement through regular assessment of societal outreach programs, feedback mechanisms and outcome evaluation enhancing the relevance and quality of education.
- To utilize data analytics and evidence-based practices to inform decision-making process related to academic quality and institutional effectiveness, fostering a culture of continuous improvement.
- To measure the annual progress of the departments by carrying out timely internal and external academic and administrative audit.

## OBJECTIVE

- To promote measures for functioning of entire institute towards quality enhancement through internalization of quality culture and implementation of best practices.
- To develop system for conscious, consistent and catalytic action for sustaining the academic and administrative performance of every department.
- To device and ensure procedures and mechanisms to maintain quality in all the operational aspects of the system- teaching- learning evaluation process.
- Developing the realistic and attainable quality benchmarks for each of the academic and administrative activity through plan of action, internal assessment, workshops, seminars, conferences etc.
